Time Plays – a work in progress since the beginning of time? Yes, why not! At least it is a miracle book, a book full of magic poetry dealing with time in a playful way. – Puns, plays, visions, songs, science fiction, desert words, stories, a strange autobiography, a challenge ... The spirit of four continents is present. – *Time Plays* – the sliding doors of time? Yes, in a way ... There are many exits and entrances. It is up to you to choose. The stage is there waiting for your entrance...
